

Job Title: IT Project Manager
Location: Fort Meade, MD (Onsite / no remote work available)
Type: Open – Full-Time
Salary: Commensurate with experience

Required:

- U.S. Citizen
- Active/recent (last 24 months) U.S. government security clearance
- Minimum 10 years of IT Project Management experience, preferably within a DoD facility

Highly Desired:

- PMP, CAPM, or CompTIA Project+ certification

Desired:

- Technical background in an IT-related field

Job Description:

- provide project management services, requirements analysis, requirements evaluation, planning, implementation, and documentation by applying industry best practices in conjunction with the NEC IT life cycle management process methodology.
- Provide coordination and management of NEC infrastructure projects.
- Participate in project review meetings, engineering design reviews, technical working groups, and other related meetings with NEC stakeholders.
- Provide project planning expertise.
- Perform project scheduling and task breakdown.
- Identify project requirements.
- Provide change and version control.
- Track project issues, problems, and risks.
- Assess and manage risks.
- Provide performance and quality indicators that provide visibility into developing trends and to forecast potential/future problems/risks related to cost, resources, quality, and schedule.

Benefits Offered:

- Medical, Dental, Vision
- Short and Long-term Disability
- Whole and Term Life Insurance
- Aflac Supplemental Health
- Legal Assistance
- Paid Vacation, Sick Leave, Military Duty, Jury Duty, Bereavement
- 401(k)

Clearance:

Selected applicants will be subject to a government security investigation and must meet eligibility requirements for access to classified information. Hire dates are dependent upon the issuance of an interim or final government security clearance.

Background Check:

Offers are contingent upon successful completion of professional reference checks, employment history verification, and background screening.
